23rd July, 2021

Good afternoon Parents & Carers,

Cumberland and Blacktown LGAs added to lockdown areas

Premier Berejiklian today announced an intensification of Greater Sydney lockdown restrictions. These significant changes will impact our school community.

From Monday unless there are further changes, there will be a skeleton staff only on site at Good Shepherd as they will not be allowed to move between local government areas.

Our advice has been that **parents must keep their children home unless they are the children of essential workers, are vulnerable or there are no other possible supervision options.**

As always, we appreciate the support we receive from our families and any decisions we make are in line with New South Wales Health and to keep our community safe.

Thank you for your support.

Tricia Carr
Principal
