27th August, 2021

Dear Parents & Guardians,

As you probably heard, today Premier Berejiklian and Minister for Education Sarah Mitchell announced the planned gradual return to school for students from 25th October, as long as community transmission and vaccination rate requirements have been met.

Catholic Education Diocese Parramatta and Principals and schools heard this announcement at the same time as the rest of the community.

Our understanding at this stage is that Kindergarten and Year One will return first on 25th October.

Years Two and Six will return the week starting 1st November and Years Three, Four and Five will return on 8th November, which is week 6.

This means that all students will be back in class on site on Monday 8th November. I am sure there will be many parents celebrating on this day.

We are looking forward to welcoming our students back to school in a safe way and of course there will be Covid safe restrictions, which our community has supported so well in the past.

Thank you for your continued support and understanding. Although this return is not until term four, it gives us all something to look forward to!

God Bless and keep safe,

Patricia Carr
Principal
